THOMAS SAYS
HE WILL OPPOSE
NEW TAX LEVIES

Representative Tells Group No
New Sources Needed for
1936 Revenue.

COMMITTEE MEETS HERE

J H Watters, Chairman, De-
clares Reenactment of Mea-
sures All That is Needed.

Earl E Thomas Marion county representative to the state legislature announced last night at a meeting of the newly organized state inter-organization tax committee that he will oppose any move to enact new state tax laws in the next regular session of the general assembly.

Mr Thomas joined with members of the county organization in a discussion of a report of the fact finding committee of the state inter-organization group. The discussion was led by J H Watters, chairman of the county committee. Willard Hunt vice chairman and W D Brown secretary.

Both Mr Thomas and Mr Watters asserted that with the re-enactment of certain present tax laws such as the real estate tax, liquid fuel tax, cigarette tax and one per cent temporary increase in tax rate on productive investment no new state taxes would be necessary in Ohio in 1936.

Chief Public Interest

Dispatcher on the part of Ohio voters to carefully examine the expenditure of public funds as disclosed by recent voting on bond issues was said by Mr Watters to be indicative of the interest of the average citizen in tax reduction. The first step in reducing taxes must be a leveling off of tax spending he added.

Mr Watters said that the move to organize counties to oppose further inroads on the taxpayer's purse in meeting with enthusiastic response in every county in the state.

In speaking of the state report on the Ohio fiscal situation read last night the county chairman said that our tax survey coming from men eminently qualified to judge the state's financial position from a purely non partisan stand point indicates no new state taxes are needed for 1936. He pointed out that an analysis of the state's obligations together with its anticipated resources definitely showed sufficient income not only to take care of all functions of government but to leave a satisfactory surplus.

We are quite sure the legislature will cooperate with us on this bill. Mrs Allman said. It is an enormous problem and a pressing one.

One-fifth in Ohio

An official of the commission said Ohio has one-fifth of the blind population of the nation.

The program embraces prevention of unnecessary blindness caused by disease particularly in children, instruction and employment for blind adults finding markets for products such as brooms, towels and other small articles made by blind persons, and amelioration of the condition of the aged and in blind blind.

William E. Bartram executive secretary to the commission said the bill probably would be introduced in the legislature next week.

Gov. Davey has recommended an amendment of state laws to supplement the social security act.

The bill proposes an annual state appropriation of \$250,000 to be supplemented by \$500,000 in federal funds and \$250,000 from the 88 counties.

World Give \$5 to \$33

It would give grants of from \$5 to \$33 monthly to any needy blind person not less than 16 nor more than 65 years of age and had lost his eyesight while a resident of the state or shall have resided in the state for a period of five years during the nine years immediately preceding the filing and has resided in and been an inhabitant of the county in which the application is made for at least one year immediately preceding the filing.

NEW BATTLESHIP LAUNCHED IN EAST

By The Associated Press

WASHINGTON, Nov. 16—When the 15,000-ton destroyer Porter was launched at Camden, N. J., yesterday it became the 17th such ship added to the navy in its program of building to full treaty strength.

Ever watch a tug pull in a big liner? It's thrilling to watch so much concentrated energy.

Many a business man has been led into safe channels by a small, but similarly concentrated thing, in the form of an individual saving account.

Concentration of one's money, does two things: it imparts a sense of power to the individual, and multiplies the power of the money itself.

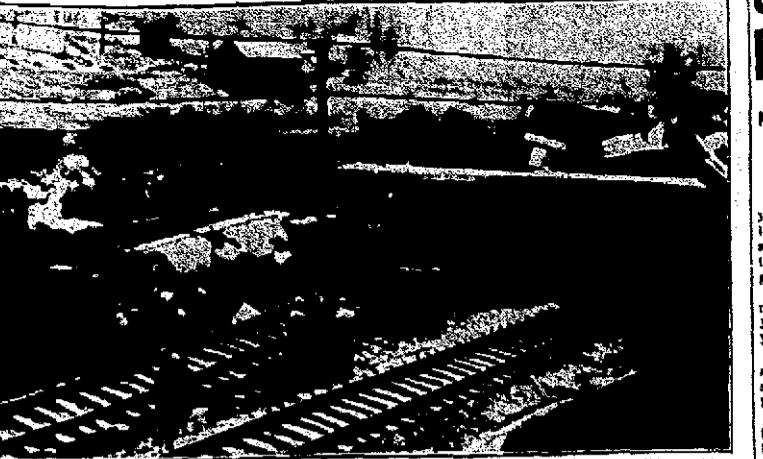

A saving account with this bank, concentrated upon for even a short length of time, will develop amazing power.

GRANGE AIDS REAPPOINTED

The recently appointed committee on the organization of a Sons of Legion squadron in Bird-McGinnis Post No. 162, American Legion, will meet Sunday at 1 p. m. at the dugout.

The committee is composed of Walter E. Hanna, chairman, Norval V. Fenneman and W. H. Willis. To be a member a boy must be the son of a member in good standing, a direct male descendant, or the son or descendant of a veteran who died in service.

Organization of a squadron was received by Mr. and Mrs. Williams this week from State Master W. F. Kirk of Port Clinton. During his seven years of work as deputy master Mr. Williams has seen the membership of granges in the country grow from slightly more than 600 to 1,146. During this time three new granges have been organized, Kirkpatrick, Calendonia and Martel.

Marion county granges also have received state and national recognition under his direction as deputy master, and Mr. Walters has received two silver medals in recognition of his efficient grange work in building up a net gain of more than 100 grange members in a year. He was presented the medals in 1931 and 1934.

During this period five granges in the county have been recognized as champion granges in the state. Last year the honor was conferred on two Marion county granges, Bowling Green and Bethlehem.

Mr. Williams has been active in the organization of three juvenile granges in the county, United, Green Camp, and Montgomery, while two of the county juvenile groups, Grand Prairie and Hawley Green were recognized by the national grange as the best in the United States. Grand Prairie won the honor in 1931 and Hawley Green in 1933.

Both Mr. and Mrs. Williams are members of Grand Prairie grange.

ROBERT LEE ALLEN WILL PLAY Role of "Kranz" in Musical Show.

Robert Lee Allen, a veteran of the legitimate stage, will play the role of the titanic "Kranz" in the Frank Schubert operetta "Blossom Time" which will come to the Palace theater Tuesday night for one performance.

Allen believes that the element of comic relief in all productions which have serious values is of greater importance than may appear on the surface.

"In countries other than this, comic relief may not be so important, but in this country it is of utmost importance," he recently said in an interview. "We have a highly-strung, nervous, energetic people in the American. They grasp instantly the heart of a situation the moment it is developed and then, in their nervous energy, they wish to pass on mentally, to something else. They could not bear an intense dramatic scene for long. So, with the proper use of comic relief, the strain is broken, the moment it becomes unbearable, thus its effect with our own people is increased."

In the first act of "Blossom Time" Kranz drinks deeply with Schubert's friends and, in a very funny scene, is persuaded to give his consent to his two daughters marriage. Now, if merely a drunkard had been introduced, no matter how humorous, the audience would have resented it, but the episode in "Blossom Time" arises naturally out of Kranz's previous opposition and the general situation, and hence, the audience allows it.

Allen provides the major share of the comedy in the romantic, musical-operetta which boasts some of the world's most lasting melodies.

Patrons may reserve seats at the theater, boxoffice during the usual afternoon or evening program or by mail order.

Strange as it may seem, epiphelial alopecia, or baldness, has been reported in England, France, Germany and Italy. Such cases, however, are due to some contagious or infectious skin trouble. It is probable, too, that in many of the ordinary cases the fault lies in some disturbance of the so-called ductless glands.

Often the disorder is associated with exophthalmic goiter and fallot's disease.

General measures should be taken, too, to improve the general resistance of the body. Likewise, it is well to correct a round-down condition due to a diet lacking in important minerals and vitamins.

Does alopecia areata mean permanent disfigurement?

The chances for complete recovery are good if hair growth begins within two years after onset of the disorder. The outlook is not so favorable if after this period of time no hair has appeared. But cases have been known to recover which have existed for twenty or thirty years.

Avoid the use of any medication on the scalp and hair unless it has been recommended by your physician. The trouble may be made worse by the unwise application of certain chemicals. No application to the scalp should be used if there is danger of its causing irritation of the remaining hair roots.

In persistent cases of alopecia, beneficial results are sometimes obtained by X-ray treatment. Whether it is wise to employ it will be decided by your physician.

The Name of the Savior

A SERMONETTE
By REV. E. A. LEHMAN

Pastor, St. Paul's English Lutheran Church
Text: Matt. 10:12, "Whom do men say that I the Son of Man

Am?"

THE speaker of the text uttered these words to his disciples not that they should enter into debate concerning his identity, but that they individually might recognize him and attribute to him a title. Simon Peter answered, "Thou art the Christ, the Son of the Living God," and he answered correctly.

The same question comes to our attention now. You who read these newsletters, what do you say? It is easy enough to quote another for an answer, but Christ was not asking what other people said. He stopped them when they quoted others and said, "Whom do you say that I am?" So this answer must come from a personal relationship with him.

Theologians differ, people are members of different denominations, yet this one question comes

to all. How shall we answer? Knowing that we are justified by faith we answer thus: Does He save you from your sin? Call Him Savior.

Does He free you from the slavery of your passions? Call Him Redeemer.

Does He teach you as no one

else has taught you? Call Him Teacher.

Does He mould and master your life? Call Him Master.

Does He shine upon the path-

way that is dark to you? Call Him Guide.

Does He reveal God to you? Call Him the Son of God.

Does He reveal man to you? Call Him the Son of Man.

Or in following Him, are your

lips silent in your incapacity to

define Him and His influence

upon you? Call Him by no

name, but follow Him.

The Day's News in Pictures

ROMERO IS ROMEO—Cesare Romero, screen actor, is being hailed as the "Romeo" of the movie colony these days. And here he is "Romeoing" with two of Hollywood's actresses, Virginia Bruce, left, and Betty Furness, right. He has recently been rumored engaged to each one of them.

AT WORK AGAIN—FOLLOWING RAID—Colette Nicks, artist's model, back at work—posing for Dean Cornwell, magazine artist in New York—gives her opinion in no uncertain terms of police who raided show given by the Society of Illustrators in New York. Miss Nicks was one of the models arrested. "So they call police 'flatfeet!'" she commented. "Well, 'flatheads' would be better."

HOW FLYERS APPEARED IN STRATOSPHERE GONDOLA—This is how Capt. Albert W. Stevens, left, and Capt. Orvil A. Anderson, right, appeared inside the gondola of the U. S. Army-National Geographic Society's balloon as they ascended 14 miles up into the stratosphere, near Rapid City, S. D., breaking all existing records and landing in safety at White Lake, S. D. Near Capt. Stevens head is the altimeter, which measures the altitude. His hand is touching one of the electroscopes for the detecting of cosmic rays.

NORTHWESTERN CELEBRATES ITS VICTORY—Instead of attending classes, Northwestern university students do their snake dance through the streets of Evanston, Ill., in ever-mounting glee over their dethronement of Notre Dame in football. Studies will be much more pleasant now.

CHINESE RESIDENTS FLEE HOMES, FEARING JAPANESE WRATH—Fearful of an invasion of Japanese bombing planes similar to 1932, residents of the Chapel section of China have been fleeing their homes. Above picture, taken by Hearst Metrotone News cameraman in 1932, shows residents fleeing the city, with their meager household goods strapped on their backs.

FUR-TRIMMED ENSEMBLE—Betty Davis, screen actress, models this dress and jacket ensemble trimmed with a swirl of brown fur. The frock is in tailored lines with fabric-covered buttons. The open front coat has deep cuffs and a long scarf of fur.

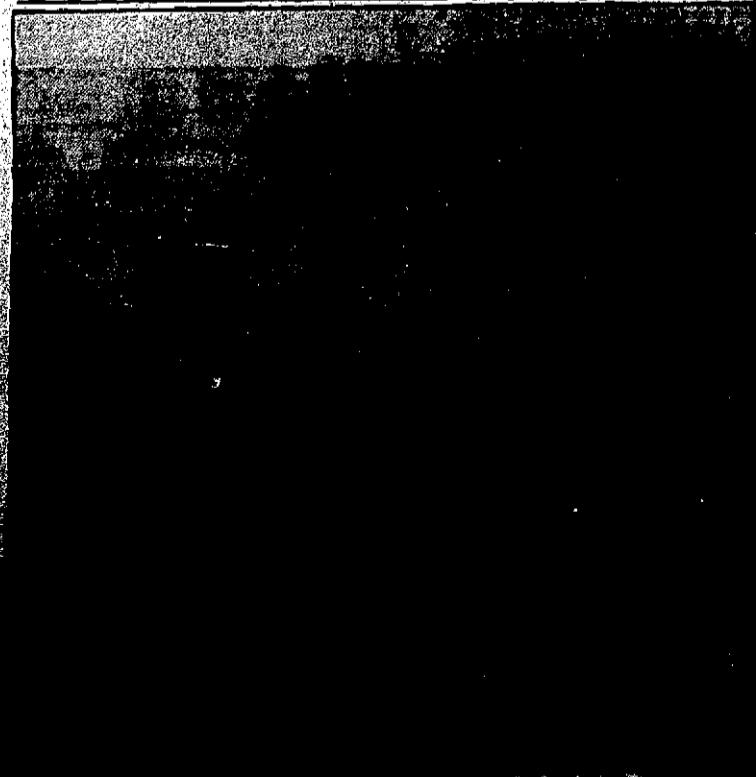

POLISH UP NEW RIVER YACHT FOR PRESIDENT—Lieutenant J. P. Crowley, right, skipper aboard the coast guard boat, the Elektra, docked at St. Helena, Berkley, Va., supervises connection of telephone attachments and polishing up of the boat for future use by President Roosevelt on short river cruises. The boat will take the place of the yacht *Sequoia*.

DARTH BITTER SHAPES—Gen. Hugh S. Johnson, former head of the NRA, and now a bitter critic of the Roosevelt administration, is pictured at Orlando, Fla., where he made a speech.

PLAYS BETWEEN PICTURES
—Rochelle Hudson, screen actress, is a frequent visitor at Palm Springs, Calif., where she is spending the winter.
